

2012 Veterinary Exploration Conference
February 25, 2012

Dear Students and Advisors,

Come and join us on **Saturday, February 25, 2012** as the Ohio Veterinary Medical Association proudly presents the Veterinary Exploration Conference and College Fair! The Veterinary Exploration Conference is a unique educational opportunity for students interested in pursuing a career in veterinary medicine. High school students whom are presently juniors or seniors and undergraduate college students are invited to register. (See the enclosed brochure for additional program details). Registration is limited to the first 300 students. *Please note* - Parents are not permitted to attend the Veterinary Exploration Conference.

General Registration Information:

- Program will be held at the Hyatt Regency Columbus Hotel Ballroom (350 North High Street, Columbus, OH 43215).
- Registration is available on-line at www.mvcinfo.org under the "Events" tab.
- One registration per student.
- Registration fee of \$10 per student.
- Registration deadline: February 17, 2012.

New in 2012 - Parent Workshop! This workshop will give parents valuable information on how to support a child who has expressed interest in a career in veterinary medicine. Topics covered will include information on the veterinarian's role in today's world and careers within veterinary medicine to financial aid options for veterinary school. The \$20 per-parent fee includes all program materials and lunch.

If you have any additional questions or concerns, please contact me at your convenience at 614-486-7253 or mlc@ohiovma.org.

Kind Regards,

Mia L. Cunningham

Discover the Veterinary Profession

Being a veterinarian is about more than caring for cats and dogs. Did you know that there are specialties in veterinary medicine just as there are in human medicine?

The Veterinary Exploration Conference will introduce attendees to the vast range of opportunities available when considering a career in veterinary medicine.

Veterinary medicine is a great field because it encompasses so many different areas. People and places needing veterinary services include research laboratories, pharmaceutical companies, zoos, dairies, swine farms, public health officials, feed industry, livestock industry, and pet owners, just to name a few.

Please join current members of the Ohio Veterinary Medical Association and other veterinary professionals on **Saturday, February 25, 2012** for an informative day designed for you, the future of veterinary medicine.

Registration for this event \$10 and limited to the first 300 registrants. Registration is open now and concludes on February 17, 2012.
